CIRCULAR

The Students Union is the elected representative body of the students community and it is very logical that all the students activities be routed through and with the consent of the Students Union. This has been observed in the recent past that many student activities have been conducted without the consent and cooperation of Students Union. Such acts defeat the very purpose of the creation of the elected representative bodies. Now onwards all the students and student bodies are advised to coordinate their activities through MANUU Students Union only.
